EXPERIENCE SNAPSHOT

INDUSTRY EXPERTISE

- Telecom
  Energy

TECHNICAL SPECIALIZATIONS

Java programming
Web development
Agile knowledge
ITIL Foundation certification

BACKGROUND

Experienced Java web developer with 10 years in the information technology industry. Client/server design and development using technologies eg. Java EE, Ajax/JavaScript and SQL (MySQL and Oracle). Process knowledge of Scrum and Kanban. Currently working at CGI Suomi.

CGI EXPERIENCE

Call management system, Finnish teleoperator company – 10/11 to date

Working as a software developer on a project team. Developing a frontend system for call management system (IN). My job consists of implementing new features and interfaces and maintenance.

OTHER EXPERIENCE

Elisa branded consumer web services (2), Elisa – 06/06 to 10/11

Previous job at Elisa. Working with platform specific processes (general architecture, services and CRM related tasks eg. order and delivery), consumer web services and GSM related tasks processes. Working with implementation as a software developer and team coaching as a scrum master. Technologies: Java, Resin, MySQL and Linux.

Web developer / IT trainee, E.ON Finland – 01/04 to 06/06

As a web developer and IT trainee E.ON Finland (currently Fortum Espoo). Web site development, Cognos reports and Excel macros.
